PROFESSIONAL SUMMARY

Creative and detail-oriented Frontend Engineer with 5+ years of experience crafting responsive, user-centric web applications using React, Vue, and modern CSS frameworks.

PROFESSIONAL EXPERIENCE

Lead Frontend Engineer Feb 2022 – Present
TechSpark Inc.

Leading a team of frontend developers to build accessible and scalable user interfaces. Collaborated with UX teams to implement design systems and improve frontend performance.

Frontend Developer Sep 2018 – Jan 2022
PixelForge Labs

Developed reusable UI components using React and Vue.js. Worked closely with backend teams to integrate REST APIs and optimize SPA performance.

PROJECTS

FitTrack - Fitness Dashboard
FitTrack is a fitness analytics dashboard that allows users to log workouts, track progress, and visualize performance through interactive charts.

ShopEase – E-commerce UI Kit
ShopEase is a modular e-commerce frontend template with ready-to-use components for product listing, cart management, and responsive navigation.
